

# Bonding Education Program

One of the best ways to grow your company is to attend this training by the US Department of Transportation. You will hear from experts in construction accounting, construction law, estimating, project management, surety, bonding, marketing and access to capital. You will also meet contacts that can tell you about the upcoming projects and how to bid on them. This program is free to companies that qualify.

## HEAR WHAT GRADUATES HAVE TO SAY ABOUT THE PROGRAM

### Premier Environmental

“Because of the things we learned in this class and the one-on-one meetings with bonding agents - our company is now bonded. I feel like our company has totally changed in the last 6 weeks from a foundational standpoint. The information is incredibly valuable.”

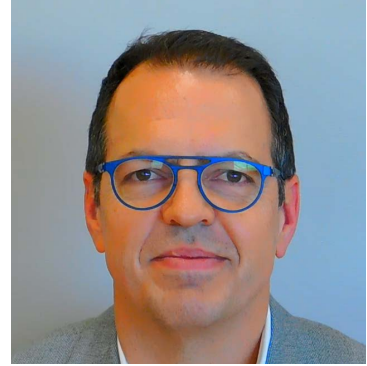

*Howard Schenker*

### NPW Contracting

“I would recommend this class to everyone – whether you are a brand new company or have been in business for a long time, there is so much value. For those people who want to learn, there is a wealth of information and so many connections.”

*Helen Madden-Weiss*

### Iron Woman Construction & Environmental

“I have learned a ton about contracting. I would absolutely recommend this program to anyone who is interested in learning more about bonding, banking, contracts or all the nuances to help businesses to be successful.”

*Tony Curcio*
