

WORKING AT DEN, NOT JUST ANOTHER CONSTRUCTION SITE.

**DATE:
FEBRUARY 26**

NOW WE KNOW WHAT WE NEED TO DO

"I liked the class. There was a lot of information that I wanted to find out over the years. I asked our insurance agent and competitors and no one would tell me anything. Now, we know what we need to do."

Class Graduate

The USDOT and Denver International Airport put on this evening program to help you decide if your next project should be an airport.

In this Building Business Capacity Program, you will hear from contractors - large and small - that are working at Denver International Airport (DEN). You will learn what is entailed in: working airside, badging, security, insurance and additional time and materials. You will hear directly from companies on Best Practices and what to avoid.. If you want to see if airport work is for you, **sign up today.**

Dates: February 26

Time: 4:00pm - 7:00pm

Location: 1114 W 7th Ave, Denver, CO 80204,

AGC of Colorado Training Room

Cost: FREE (to qualified businesses)
