

DOING THE WORK IS EASY, FUNDING THE WORK IS ANOTHER MATTER

SPEAKERS

Dave Clauson – Partner and Founder of Big Blue Sky, Clauson created multiple technology start-ups including 3 IPO's. Dave has spent the last 12 years working on indigenous and minority economic development issues. He was Vice President, International for NANA Development Corporation, a \$2.5 Billion Alaska Native company with mining, oil, gas, engineering and construction operations in 12 countries and 5 continents.

Tysen Manross – is former Owner of Tusca II. Tusca II was a GC with revenue over \$18 million. Manross managed 395% growth in 4 years that put him on INC Magazine's Top 500 list of US fasted growing privately held companies. Manross also experienced the squeeze faced by small business - growth. Manross will explain how he knew the crisis was coming when his bank didn't and how he used alternative financing to manage the \$2,450,000 shortfall.

WOULD YOU LIKE TO SEE BEHIND THE FINANCIAL CURTAIN?

You may be the best in the world at doing the work. But if you can't find financing, your business may not survive. We are bringing speakers that have experience in financial world markets and running their own company. You will learn how to leverage your credit and your assets, plus find new financial instruments that could change your financial future.
