

USDOT OSDBU

PREPARING FOR 2021

USDOT BONDING EDUCATION PROGRAM - STARTS MARCH 2

One of the best ways to grow your construction or transportation company is to attend this training by the US Department of Transportation. With the pandemic, it has never been more important to make sure that your company is as strong as possible. And, why would you attend a bonding program? Every one of our students insists this training should be called building business capacity.

You will hear from experts in construction accounting, construction law, estimating, project management, surety, bonding, marketing and access to capital. You will also hear from contacts that can tell you about upcoming projects and how to bid on them. And, the program will be virtual, so it will be even easier to attend.

This program is **free** to companies that qualify.

EACH OF THESE COMPANIES GREW AFTER PARTICIPATING IN THIS PROGRAM

CHACON PAVING

"I walked into this program with a contract and no way to get bonded. Without them, I don't know that I could have done it."

Michael Leathers

UTAH BARRICADE

"I learned a lot of things about bidding. I think it could benefit anybody that's in the construction field to come take this course."

Doug Coleman

SECURITY 101

"It was a great investment. It was much more than bonding. Great class. Lots of good data."

Nancy Ford
